## REGIONAL HUMAN RESOURCES MANAGERS:

As a result of the last rerate study, a new point system was established for determining the rating of stations. Every twenty-four months, or more frequently if circumstances warrant, stations will be reevaluated to determine if a change in rating has occurred.

System Operator positions are currently listed in the Bidding Directories as System Operator 1 or System Operator 2 positions with separate prebid codes for locations. Effective immediately, all positions will be listed in the Bidding Directories as System Operator with no station rating indicated. Employees will continue to bid locations and at the time a vacancy is filled, the employee will be notified of the station's rating and be given the option of accepting or declining without jeopardy of the Forfeiture provision (Section 205.6) being imposed.

Please have personnel responsible for updating Bidding Directories reestablish System Operator positions, utilizing class code 1804 as the generic code. Employees with bids on file will have to be notified of the cancellation of the prebid code currently in use and advised to resubmit applications, using the new prebid code.

If you have any questions please call Doris Spingola (ext. 223-3420).

A handwritten signature in cursive script, appearing to read 'Richard B. Bradford'.
