Electrical Workers, AFL-CIO
P.O. Box 2547
Vacaville, CA 95687

Dear Mr. Dalzell:

The Company proposes that the Radwaste Operator position at Diablo Canyon Power Plant be manned around the clock, seven days a week, during the 2R14 refueling outage. To accomplish this, the following change in work schedule and hours is proposed pursuant to Section 202.16 of the Agreement.

Beginning on February 3, 2008 at 0700 hours and continuing until the Friday following the closing of the Main Generator output breakers signaling the completion of the outage, the following hours change will be in effect.

The day shift Radwaste Operator will maintain normal Monday through Friday hours of 0700 to 1500 hours with an extension of shift on these days from 1500 to 1900 hours.

The night shift Radwaste Operator will change work hours to Monday through Friday from 1900 to 0300 hours with an extension of shift on these days from 0300 to 0700 hours. The night shift Radwaste Operator will receive the third shift premium for all hours worked on this schedule.

The Relief Radwaste Operator will continue the normal Monday through Friday from 0700 to 1500 hours schedule and may work an extension of shift either prior to or at the end of the normal shift as necessary to help with the increased workload.

Saturday day shift from 0700 to 1900 hours may be filled on a voluntary basis by the day shift Radwaste Operator. Saturday night shift from 1900 to 0700 hours may be filled on a voluntary basis by the night shift Radwaste Operator.

Sunday day shift from 0700 to 1900 hours may be filled on a voluntary basis by the Relief Radwaste Operator. Sunday night shift from 1900 to 0700 hours and any of the above Saturday or Sunday shifts not filled on a voluntary basis by the Radwaste Operator rotational assignment personnel will be filled through overtime from the outage support operators.

Any operator scheduled to fill either of the Sunday Radwaste Operator positions shall receive Sunday Premium per Section 110.7 of the Agreement. Entitlement for meals will be per Title 104 of the Agreement.

This proposal is similar to previous agreement, L/A 04-15-PGE, that was reached for the 1R12 and 2R12 Refueling Outages and is without precedent.

Mr. Tom Dalzell
