Dear Mr. Mason:

Within the near future, we expect to establish a temporary power plant at Eureka which will be referred to as, "Donbass III". The length of time for which the plant will be in operation is indefinite, but possibly it will operate for several years. The following classifications, on a three shift basis, and rates of pay are proposed:

First Operator		\$60.70
Fireman		53.60
Utilityman	start	46.95
	end 1 yr.	49.80

These jobs are being posted on the November 1st Bulletin, to be filled as soon as the equipment is ready for operation.

Please advise us as soon as possible if you have any comments to make.

Yours very truly,

R. J. TILSON  
Supervisor, Industrial Relations.
