Electrical Workers, AFL-CIO
P.O. Box 2547
Vacaville, CA 95696

Dear Mr. Dalzell:

Currently, contractors conduct solar inspections for the California Solar Initiative program (CSI). They inspect solar installations of contractors and do-it-yourself (DIY) customers to ensure installations are done correctly and qualify for rebates.

Pursuant to Section 204.4 of the Physical Agreement, the Company proposes to pilot the use of Central Inspection Program (CIP) Inspectors to conduct solar inspections of single family customer homes for a one year period. The pilot is expected to begin in April 2012.

The use of CIP Inspectors is without precedent during this pilot period and the Company may return this work to contractors at the end of the pilot.

If you are in accord with the foregoing and agree thereto, please so indicate in the space provided and return one executed copy of this letter to the Company.

Very truly yours,

PACIFIC GAS & ELECTRIC COMPANY

Stephen A. Rayburn
Director and Chief Negotiator

The Union is in accord with the foregoing and agrees thereto as of the date hereof.
