Local Union No. 1245  
International Brotherhood of  
Electrical Workers, AFL-CIO  
1918 Grove Street  
Oakland, California 94612

Attention: Mr. Ronald T. Weakley, Business Manager

Gentlemen:

The subject of a proper classification for employees temporarily assigned to operate new compressor stations which require attendance during start-up or overhaul periods was discussed at recent Grievance Committee meetings in the Pipe Line Operations Department. As a result of these discussions, Company proposes to establish the following classification, job definition, and wage rates for such assignments:

Temporary Compressor Operator

A shift employee located at a compressor station which is normally unattended, who operates control equipment, valves, etc., in accordance with instructions. Reads, posts, and reports gas volumes, gas pressures, and other readings. In addition, he may be required to perform minor maintenance work on station equipment and maintain station grounds and buildings.

Start	-	\$129.40	per week
End 6 months	-	\$136.05	" "
End 1 year	-	\$148.90	" "

If you are in accord with the foregoing and agree thereto, please so indicate in the space provided below and return one executed copy of this letter to Company.

Yours very truly,

PACIFIC GAS AND ELECTRIC COMPANY

By [Signature]  
Manager of Industrial Relations

The Union is in accord with the foregoing and it agrees thereto as of the date hereof.
