Attention: Mr. Ronald T. Weakley, Business Manager

Gentlemen:

In order to provide for the operation of the test facility at Moss Landing Power Plant, Company proposes to establish the classification of Utility Senior Control Operator at that location with the following job definition:

Utility Senior Control Operator

A shift employee who has the qualifications of and performs the duties of a Senior Control Operator; in addition he shall have a thorough knowledge of the operation of the Steam Separation test facility at Moss Landing Power Plant and shall operate the test facility as directed. In conjunction with his operating duties, he directs and assists in station cleaning and performs the cleaning required for the test facility.

This employee is considered as a Senior Control Operator at Moss Landing for wage and bidding purposes.

Company further proposes to place Mr. James Goold, Senior Control Operator at Moss Landing, in this classification without resorting to the bidding procedure.

If you are in accord with the foregoing proposals and agree thereto, please so indicate in the space provided below and return one executed copy of this letter to Company.

Yours very truly,

PACIFIC GAS AND ELECTRIC COMPANY
