Attention: Mr. L. L. Mitchell, Business Manager

Gentlemen:

Company proposes to amend our letter agreement on the fourth week of training for Servicemen dated November 5, 1971, to read as follows:

During interim negotiations in the Gas Service Department Subcommittee, the value of an additional week of training, due to the complexity of new appliances and the many variations in electrical ignition and control systems, was discussed.

As a result of these discussions, Company proposes to add one week of training to the present three-week Gas Serviceman Training Course in 1972 for those trainees who successfully complete the initial three-week course. The trainees will be assigned to the fourth week of training as soon after they have accumulated six months time as a Serviceman as is practicable.

Those who fail the fourth week of training will remain in their present wage progressive step and be granted a second opportunity to pass the final examination two months after the date of failure. Trainees who fail the retest will be removed from the classification and demoted in accordance with Title 206 of the Physical Agreement.

If you are in accord with the foregoing and agree thereto, please so indicate in the space provided below and return one executed copy of this letter to Company.

Yours very truly,

PACIFIC GAS AND ELECTRIC COMPANY

By *W. H. Baird*
Manager of Industrial Relations

The Union is in accord with the foregoing and it agrees thereto as of the date hereof.
