Walnut Creek, California 94596

Attention: Mr. L. L. Mitchell, Business Manager

Gentlemen:

This letter supersedes and cancels all previous material submitted to you on the same subject.

Due to the increasing use of electronic equipment on the pipe line system, Company proposes, pursuant to Section 204.4 of the Physical Agreement, to update the job description of the Gas Control Mechanic in Pipe Line Operations and to increase the weekly rate of pay for this classification as follows:

1307 - GAS CONTROL MECHANIC

An employee who is a journeyman and without direct supervision is engaged in the installation, operation and maintenance of gas measurement and control equipment, communication and electrical equipment, or other facilities appurtenant to the operation of gas transmission lines, compressor stations, terminal stations, collection and storage fields. This work includes but is not limited to regulators, controllers, compressor controls, meters, telemeters, analyzers, recorders, dehydrators, filters, calorimeters, gravimeters, telephone lines and communication terminal equipment. He may be required to install, test, adjust, operate and repair pneumatic and electrical facilities as well as test, adjust and operate electronic equipment. He must be able to climb poles, towers and masts. He may be assigned to install and repair electronic equipment in order to gain experience for advancement to Gas Transmission Technician. His background of apprenticeship and experience shall be such as to qualify him to perform these duties with skill and efficiency.

Weekly Rate of Pay - \$323.55

If you are in accord with the foregoing and agree thereto, please so indicate in the space provided below and return one executed copy of this letter to Company.

Yours very truly,

PACIFIC GAS AND ELECTRIC COMPANY

By *W. W. Bright*
Manager of Industrial Relations

The Union is in accord with the foregoing and it agrees thereto as of the date hereof.
