Attention: Mr. L. L. Mitchell, Business Manager

Gentlemen:

Due to the delay in the staffing of the Diablo Canyon Power Plant and the commitment made to Mr. A. G. Moore, Control Technician at the Contra Costa Power Plant, Company proposes, pursuant to Sections 205.19 and 206.13 of the Physical Agreement, to assign Mr. Moore, effective October 4, 1971, to an Instrument Repairman position at the Morro Bay Power Plant subsequent to the retirement of the incumbent, Mr. D. G. Jenkins.

Company further proposes to maintain Mr. Moore in the Control Technician classification while he is assigned the above position. However, since this is basically an Instrument Repairman classification, Company proposes to treat it as such in respect to duties and wages should relief of Mr. Moore become necessary.

If you are in accord with the foregoing and agree thereto, please so indicate in the space provided below and return one executed copy of this letter to Company.

Yours very truly,

PACIFIC GAS AND ELECTRIC COMPANY
