Attention: Mr. W. A. Smith  
 Acting Business Manager

Gentlemen:

Company proposes to establish the classification of Machinist in its Department of Gas Supply and Control. This classification is required for use at each of the compressor plants located at Topock, Hinkley and Kettleman.

The wage rate and job definition proposed for such classification are:

MACHINIST

Principal duties are the maintenance and repair of any equipment regardless of whether this work is performed in a plant or in a machine shop. His duties require him to do precision work with all types of machine shop tools, and his background of apprenticeship and experience must be such as to qualify him to perform these duties with skill and efficiency.

Wage rate: \$82.83 per week.

If you are in accord with this proposal and agree thereto, please so indicate in the space provided in the duplicate original hereof and return it to the Company.

Yours very truly,

PACIFIC GAS AND ELECTRIC COMPANY
