

LABOR AGREEMENT INTERPRETATION

TITLE 205 - JOB BIDDING, PROMOTION AND TRANSFER

TITLE 109 - APPRENTICESHIP TRAINING

The Master Apprenticeship Agreement and other similar training agreements limit an employee's rights to relocate, as an apprentice or trainee, to one such move during the training period.

Questions have arisen with respect to whether or not Section 205.17 of the Physical Agreement is in conflict with any or all of the training agreements above with respect to relocations while an apprentice or trainee.

In order to resolve any questions as to conflict, Company and Union agree that where the conditions of Section 205.17 are fully met and both Company and Union agree to a relocation, then provisions of Section 205.17 shall govern.
