Local Union No. 1245
International Brotherhood of
Electrical Workers, AFL-CIO
P.O. Box 4790
Walnut Creek, California 94596

Attention: Mr. Jack McNally, Business Manager

Gentlemen:

In an attempt to conform the Apprentice Meterman academic training to that of the other Electric Department apprenticeships, Company proposes to amend the Training Guidelines to provide that the apprentice attend the Basic Electronics school during the 7 to 12 month wage step and the Apprentice Meterman Relay and Vector school during the 13 to 18 month step. Such a change would benefit the apprentice, as a mathematics background, which is reinforced in the Basic Electronics Course, is necessary to successfully complete the Relay and Vector Course. Because of the demand for the Basic Electronics Course, the proposed change will facilitate more timely scheduling during the earlier stages of the apprenticeship.

If you are in accord with the foregoing and agree thereto, please so indicate in the space provided below and return one executed copy of this letter to the Company.

Yours very truly,

PACIFIC GAS AND ELECTRIC COMPANY

By W. D. [Signature]
Manager of Industrial Relations

The Union is in accord with the foregoing and it agrees thereto as of the date hereof.
