Attention: Mr. Jack McNally, Business Manager

Gentlemen:

Since Meter Reader was added as a next lower classification to Reserve Gas Serviceman, there have been some situations in which the reverse line of progression has been questioned. An individual may be demoted to a classification that she/he has never held.

Accordingly, Company proposes that Meter Reader be added to the reverse normal line of progression for the Reserve Gas Serviceman provided that the employee being demoted has previously held the classification of Meter Reader.

If you are in accord with the foregoing and agree thereto, please so indicate in the space provided below and return one executed copy of this letter to the Company.

Yours very truly,

PACIFIC GAS AND ELECTRIC COMPANY

The Union is in accord with the foregoing and it agrees thereto as of the date hereof.
