Walnut Creek, CA 94596

Attention: Mr. Jack McNally, Business Manager

Gentlemen:

Pursuant to Subsection 204.4(b) and Section 205.19, Company proposes to reclassify the position of a Measurement and Control Mechanic, located at the Sierra Division, Colgate District, Marysville Service Center, Marysville to a Gas Control Technician. Operation and maintenance work associated with the new Gas SCADA system, new electronic measurement systems and the equipment associated with the therm billing system, require the higher classification because of the more technical nature of this work. This work now involves computer systems and advanced electronic system.

There are currently two M&C Mechanics located in Marysville. Company proposes to reclassify the Senior M&C Mechanic, Neil Scott, service date of July 7, 1973, to the reclassified Gas Control Technician position without regard to Subsection 205.4(h) or Section 205.7.

This proposal has been discussed with the Business Representative, Ed Fortier.

If you are in accord with the foregoing and agree thereto, please so indicate in the space provided below and return one executed copy of this letter to the Company.

Very truly yours,

PACIFIC GAS AND ELECTRIC COMPANY

By   
Director and Chief Negotiator

The Union is in accord with the foregoing and it agrees thereto as of the date hereof.
