Attention: Mr. Jack McNally, Business Manager

Gentlemen:

Pursuant to Subsection 204.4(b) and Section 205.19, Company proposes to reclassify the position of Gas Measurement and Control Mechanic to a Gas Control Technician in Diabo Division. This position requires the higher classification because of the more technical nature of the job duties currently being performed. These duties include operation and maintenance work associated with the new gas SCADA system, new electronic measurement systems and the equipment associated with the therm billing system. This work now requires involvement with computer systems and advanced electronic systems.

Currently there are four Gas Measurement and Control Mechanics in Diablo Division as listed below:

Wayne Kennedy  
SS# -8789

Concord Service Center

Jim E. Carter  
SS# -3027

Concord Service Center

Bobby R. Flanary  
SS# 1-3615

Antioch Service Center

Frank W. Guise  
SS# 1995

Antioch Service Center

If you are in accord with the foregoing and agree thereto, please so indicate in the space provided below and return one executed copy of this letter to Company.

Sincerely,

PACIFIC GAS & ELECTRIC COMPANY

By   
Director, Chief Negotiator

The Union is in accord with the foregoing and agrees thereto as of the date hereof.
