Electrical Workers, AFL-CIO  
P.O. Box 4790  
Walnut Creek, CA 94598

Attention: Mr. Jack McNally, Business Manager

Gentlemen:

During the initial negotiations on the Rubber Glove Agreement, the parties agreed to review the frequency of dielectric testing of digger derrick booms after one year. Company and Union members of the Rubber Glove Committee have discussed this issue and are jointly recommending that paragraph 9 of the Work Procedures Section of the Rubber Glove Manual be amended to reflect that digger derrick booms continue to be inspected every 6 months.

If you are in accord with the foregoing and agree thereto, please so indicate in the space provided below and return one executed copy of this letter to the Company.

Very truly yours,

PACIFIC GAS AND ELECTRIC COMPANY

By   
Director and Chief Negotiator

The Union is in accord with the foregoing and it agrees thereto as of the date hereof.
