

Pacific Gas and Electric Company215 Market Street
San Francisco, CA 94106
415/972-7000

April 5, 1989

Local Union No. 1245
International Brotherhood of
Electrical Workers, AFL-CIO
P. O. Box 4790
Walnut Creek, CA 94596

Attn: Mr. Jack McNally, Business Manager

Gentlemen:

In October, 1987 the Company and Union executed LA R1-87-185 which provided for the relocation of seven Troublemens in Redwood Region. Since implementation of this agreement it has become apparent that some clarification of its intent was necessary, particularly with respect to who would be utilized after 5:00 p.m. and on weekends, and how the word "shift" is utilized in this agreement. To provide this clarification the Company proposes the following to cancel and supersede LA R1-87-185.

Pursuant to Subsection 202.16(b) and Sections 206.12 and 212.12 of the Physical Agreement, the Company has relocated three Troublemens from Vallejo, three Troublemens from Napa and two Troublemens from Silverado to Tulucay Substation in the Electric Service Department, effective September 8, 1987. The current incumbents are:

B. Connelly
B. West
K. Delaca

The employees mentioned above will report to Tulucay Substation and will work in the South Area; however, they may work anywhere in the Division, Monday through Friday, between the hours of 0700 - 1700 to meet workload demands. After 1700, before 0700 and on weekends the respective area Troublemens will be called work prior to adjacent area Troublemens being utilized.

D. Valine
J. Gibson
L. Abeel

The employees mentioned above will report to Tulucay Substation and will work in the Central Area; however, they may work anywhere in the Division, Monday through Friday, between the hours of 0700 - 1700 to meet workload demands. After 1700, before 0700 and on weekends the respective area Troublemens will be called to work prior to adjacent area Troublemens being utilized.

Fred Hubbard
Pete Davis

The employees mentioned above will report to Tulucay Substation and will be North Area Troublemens, working for the Electric Service Department, and will work a static 0800 - 1700, Monday through Friday schedule. The Silverado on call will run Friday through Thursday and rotate weekly as is presently the practice. The Troublemans who are on-call for the week will remain in the area and do all routine work. The Troublemans not on-call will act as the Division Floater and may be assigned to assist the remainder of the Division on an as-needed basis dependent on work load.

OVERTIME CALL-OUT PROCEDURE (EOT)

North, Central and South Areas, see Exhibit "A".

PREARRANGED OVERTIME PROCEDURES (POT)

South and Central Areas

Prearranged overtime prior to 0600 goes to the 1300 - 2100 Troublemans. If two men are required, the 0700 - 1530 Troublemans are requested. Prearranged overtime after 0600 goes to the 0700 - 1530 Troublemans. See Exhibit "B" for schedule.

North Area

See the North Area Troublemans on-call schedule to determine the man on-call. He will be "first call". If two Troublemens are required, the North Area Floater will be requested. If additional Troublemens are needed, see Exhibit "B".

VACATIONS

Vacation requested by the Troublemens will be scheduled by the Troublemens and approved by the Electric Service Supervisor.

VACATION RELIEF

It will be the Electric Service Supervisor's decision whether or not to fill all or a portion of the vacated shift. Under normal conditions, should he determine to fill the shift, it will be filled with the following considerations: which shift is vacated and the workload for that time frame. When the decision is made to fill a portion of a shift, first consideration shall be given to utilizing the existing troublemens. The decision to fill an entire shift will be done in the following manner.

South Area

The senior qualified employee from the Service Center will be utilized, if he agrees to do so.

Central Area

The senior qualified employee from the Napa Service Center will be utilized, if he agrees to do so.

North Area

The senior qualified employee from the Silverado Service Center will be utilized, if he agrees to do so.

Agreement to utilize the above procedure will be negotiated between the Electric Service Supervisor and the area General Foreman. Relief time and classroom training will be provided to all qualified relief personnel to insure their Troublemens skills remain current.

Billing Procedures to Fill Vacancy

When vacancies occur, the existing Troublemens will have the option of filling the vacant position. The option will be based on their seniority.

When a vacant position is posted after the above option is exercised, it will be posted as follows:

- Troubleman - Tulucay Substation
- North Area
- Central Area
- South Area

All effected employees will retain their 206.9 rights to their former positions and headquarters should vacancies occur.

This matter has been discussed with Mr. Sam Tamimi, Union Business Representative.

If you are in accord with the foregoing and attachments and agree thereto, please so indicate in the space provided below and return one executed copy of this letter to the Company.

Very truly yours,

PACIFIC GAS AND ELECTRIC COMPANY

By Richard B. Buehl
Manager of Industrial Relations

The Union is in accord with the foregoing and attachments and it agrees thereto as of the date hereof.
