As is stated in Mr. I. W. Bonbright's letter of November 23, 1982, item #2, the above listed classifications are not to receive, at the starting rate, a wage increase in 1983 and, at the six month rate, each shall be increased by 3.5 percent in 1983.

Mr. Len C. Beanland, Manager

January 17, 1983

Item 2(a) of Mr. Bonbright's letter makes reference to "Beginner's classifications listed in Exhibit VII of the Physical Agreement", intending to include all those classifications listed above. As has been noted subsequent to the conclusion of bargaining, however, General Construction Department Beginner's classifications have not previously been included in Exhibit VII. Along with the conclusion of 1982/1983 negotiations, therefore, the above listed General Construction Department Beginner's classifications have become a part of Exhibit VII and should be included in the next printing of the Agreement.

Thank you for your attention to this matter.

Sincerely,

Roger Stalcup
