MR. K. H. WHALEN, Chairman
San Francisco Division
Joint Grievance Committee

The above-subject grievance has been reviewed by the Pre-Review Committee prior to its docketing on the agenda of the Review Committee. It was determined that the records provided insufficient information for settlement and is being returned to the Division for further investigation.

The record indicates that the supervisor of Operations called the Electrical Foreman instead of an Electrician to determine if the problem was electrical. What work did the Electrical Foreman do, if any, that an Electrician could not have done? Why was an Electrician not called?

After the investigation is completed, the Committee should again attempt to resolve the grievance. If it is determined that the Company was in error, then the correction asked for should be granted. If not, then the case should be returned to the Review Committee, accompanied by a joint report of your findings.

I. V. BROWN, Chairman
Review Committee
