Refusal of "Pat Down" Search

August 16, 1978

MR. ROYCE LARSON, Chairman
Humboldt Division
Joint Grievance Committee

The Pre-Review Committee is in receipt of your letter dated April 26 concerning the return of the above-mentioned grievance to the Review Committee for further clarification.

The question that the Joint Grievance Committee is asking appears to be hypothetical in view of the fact that the "pat down" physical search at Humboldt Bay Power Plant has been discontinued and, furthermore, was a subject in Humboldt Division Grievance No. 19-81-77-46 (P-RC 330), which was resolved by the Pre-Review Committee. With that being the case, the Pre-Review Committee is of the opinion that the issue posed by the Joint Grievance Committee is moot, and further discussion unnecessary.

This case is considered closed on the basis of the foregoing, and the closure should be so noted in the minutes of your next Joint Grievance Committee meeting.

D. J. BERGMAN, Chairman
Review Committee
