Local Investigating Committee

The above-subject grievance has been discussed by the Pre-Review Committee prior to its docketing on the agenda of the Review Committee and is being returned, pursuant to Section I B(1) of the Review Committee procedure, to the Local Investigating Committee for settlement in accordance with the following:

The issue concerns the utilization of a Gas Serviceman headquartered in San Jose Division to perform energy conservation home safety audits in Bakersfield, San Joaquin Division. The grievants, Reserve Gas Servicemen, Bakersfield, are alleging that they were denied temporary upgrades for the period of February 22, 1978, through March 16, 1978. The Pre-Review Committee is of the opinion that the Reserve Gas Servicemen were contractually entitled to the upgrade, and the Local Investigating Committee should resolve the grievance on the basis of the Union's offer of settlement contained in the Joint Statement of Facts.

This case is considered closed on the basis of the foregoing and the adjustments provided herein, and the closure so noted by the Local Investigating Committee.
