This grievance involved the allegation that the grievant, an Electrician, was improperly denied an upgrade to Maintenance Subforeman. The Union believed that on the days in question, the grievant was directing and supervising a crew of four employees.

Prior to the Pre-Review Committee's discussion of this case, the Local Investigating Committee requested the case be returned. Therefore, this case is being returned to the Local Investigating Committee where it will be settled without adjustment and without prejudice to the position of either party.
