CORB L. WHEELER, Union Member  
Materials Distribution  
Local Investigating Committee

The above-subject grievance has been discussed by the Pre-Review Committee prior to its docketing on the agenda of the Review Committee and is being returned, pursuant to Step Five A(ii) of the grievance procedure, to the Local Investigating Committee for settlement in accordance with the following:

This grievance concerns a one-day disciplinary layoff given to a temporary Pipe Handler for failure to follow applicable safety rules and procedures for operating a forklift. This resulted in the load of pipe he was moving striking an office trailer. It was noted by the Committee that the grievant had been involved in three prior similar incidents within 18 months of the instant case and had received a letter of reprimand.

Based on the facts of this case and the grievant's record, it was agreed that the day off was for just and sufficient cause. This case is closed without adjustment, and such closure should be so noted by the Local Investigating Committee.
