Subject

This case concerns the displacement of a Cinnabar T&D Driver.

Discussion

The grievant was hired by the Company on July 11, 1973 and at the time of displacement was a T&D Driver. The grievant was placed as a Garagemen at Edenvale. The grievant believes he should have been assigned to the Utility Worker-Mechanic position at San Luis Obispo.

The grievant was placed into his 92nd option. The other options were compressed out or were assigned to employees with greater seniority, or the grievant did not meet the qualifications.

Disposition

The grievant's placement under Title 206 did not constitute a violation of the Labor Agreement. This case is closed without adjustment.
