Review Committee File No. 1775

The above referenced grievances were referred to a Title 206/19 subcommittee for resolution. All the grievances concern disputes arising out of the Company's application of Title 206/19. The grievance issues fall into two general categories. The first involves the "compression" of displacement options. The second involves the affect a systemwide displacement has on employees' ability to be placed in a demotion area option (206.6 (a)) when more junior demotion unit (206.6(b)) or system options (206.6(c)) are available.

In Arbitration Case No. 201, it was determined that the method in which the Company administered Title 206 did not constitute a violation of the Labor Agreement. In light of that conclusion, the subcommittee examined the 206/19 assignments of the grievants in the above referenced grievances to determine if the specific assignments were appropriate. The Committee reached the following settlements:

Sierra Division Grievance No. AUB-94-41

Facts of the Case

The case concerns the change of one of the grievant's options under Title 19. The grievant was initially given a list of options which included Meter Reader - Marysville.

The Title 19 options were rescinded and when reissued, the Meter Reader - Marysville option was changed to Meter Reader/Utility Clerk - Marysville. The grievant did not believe the change should have been made.

The Committee determined that the option in question was a vacancy. Between the issuance of the two sets of options, management reclassified the vacancy. The Committee agreed to settle this case without adjustment and without prejudice.

Decision

**There is no violation of the agreement. Case closed without adjustment and without prejudice.**
