Dear Sir and Brother:

Please refer to my letter of May 16, 1956 regarding my recommendation that the block placed on Job Vacancy No. 16:575, Lineman, Tracy, Stockton Division, be released.

In my letter I stated that a joint statement of the Local Investigating Committee was being prepared and would be submitted to you. Enclosed is a copy of that statement.

Also enclosed is a copy of the joint statement of the Investigating Committee in reference to Miss Henrietta Hoff, Clerk "C", Stockton Division. This case was presented as a formal grievance, sent to the System Review Committee, and subsequently returned to the Division for further action. The Union was able to sustain its position to the extent that Miss Hoff was offered the job that had been protested through the grievance procedure. As you can see, by the enclosed statement, she subsequently rejected the job.

I believe that Elmer Bushby would like to have a copy of the statement regarding Miss Hoff to complete his Review Committee file.

Fraternally yours,

E. A. James

H.J. STEFANETTI, Chairman
Stockton Division Joint Grievance Committee

The Stockton Division Investigating Committee investigated the by-pass of Henrietta Hoff for the job of Clerk "B" in the Pay Roll Department. While the investigation revealed there was some doubt as to Miss Hoff's qualifications for the job, Division Management agreed to offer her the job. Miss Hoff subsequently rejected the job offer, closing the case.
