Review Committee File No. 231
Stockton Division Grievance No. 24

December 19, 1960

Mr. T. J. Bianucci, Chairman
Stockton Division
Joint Grievance Committee

This grievance was discussed in Review Committee and is being referred back to your Division for settlement, if possible, at the division level.

It was decided by the Review Committee that a revision of the Water Serviceman classification might assist in settling this grievance. In this respect, we would appreciate your comments.

In addition, we would like to know how long the water treatment plant operator at Ione has been required to lock and unlock electric meters and how often this type of work is performed by Water Servicemen or Water Treatment Plant Operators.

V. J. THOMPSON
Chairman, Review Committee
