Review Committee Case No. 291  
North Bay Division Grievance No. 21

**RECEIVED**

JUL 12 1961

LOCAL 1245, I.B.E.W.

July 7, 1961

MR. D. K. STUART  
Chairman  
North Bay Division Joint Grievance Committee

The above subject grievance is referred back to your Division for further consideration and settlement.

The facts set forth in the file submitted to this Committee, in addition to discussions held by the Committee, are not conclusive as to the nature and the extent of the assignment given to the grievant. There further appears to be some doubt as to what the employee was told at the time the General Foreman assumed the responsibility of supervising the crew. Therefore, it is recommended that the Division Grievance Committee conduct a further investigation to determine if the grievant was in fact informed that he was relieved of further supervisory responsibility. In the event that your investigation discloses that he was not given proper notification, and for this reason continued to direct the activities of the crew, the settlement of this grievance will be that the employee be up-graded for the time in question.

V. J. THOMPSON  
Chairman
