

REVIEW COMMITTEE DECISION

Review Committee File No. 297
San Francisco Division Grievance No. 135

Facts of the Grievance

The employee concerned in this grievance reported for overtime work at 7:00 a.m. on January 17, 1961. The emergency overtime work occurred on the employee's non-workday and continued until 3:00 p.m. that day. During the course of the work the employee became entitled to and was reimbursed for a meal after he had completed four hours' work. Following his release from the emergency work at 3:00 p.m., the employee contended that as he had worked four hours at the overtime rate following his last meal, he thereby became entitled to a second meal at the time he was released.

Discussion

A question of regular work hours is involved in this grievance. Since this subject is being discussed between Company and Union, it will not be given consideration here.

Decision

Under the facts of this case, the Review Committee's decision is that the employee was entitled to only one meal.
