Review Committee File no. 394
North Bay Division Grievance No. 4-46

January 6, 1965

MR. D. E. STUART, Chairman
North Bay Division
Joint Grievance Committee

The above subject grievance was referred to the Review Committee on September 4, 1962. Following several discussions on this grievance, together with others of a similar nature, it is the decision of the Review Committee that the grievance is to be settled without answering the issue of upgrading in temporary relief situations as presented by the grievance.

The grievance shall be disposed by your Committee, without prejudice to the position of either Company or Union, by adjusting the pay of the grievance to that of a Clerk B for the period in question.

The Division will procure the necessary authorization to adjust the grievant's wage, following which the grievance will be considered closed.

/s/ L. V. Brown, Chairman
Review Committee
