De Sable Division Grievance No. 91**

RECEIVED

LOCAL 1245, I.B.E.W.

February 26, 1963

**MR. S. C. ANDERSON, Chairman
De Sable Division
Joint Grievance Committee**

We are returning the above subject grievance to the Division for further discussion and effort towards settlement. We have been informed that certain matters contained in the separate arguments of the Company were not discussed by the Division Joint Grievance Committee. Specifically, it is alleged that the listing of duties, and allotted times, found on Page 4 of your submission to the Review Committee were not furnished the Union members of the Division Joint Grievance Committee prior to submitting the information to the Review Committee.

We are of the opinion that the matters referred to are material to a settlement of the grievance and, therefore, should be discussed by the Division Joint Grievance Committee.
