Review Committee File No. 780
North Bay Division L.I.C. Grievance No. 4-67-3
Letter of Reprimand to Gas Serviceman

April 30, 1968

MR. L. D. PITTS, Chairman
North Bay Division
Local Investigating Committee

The above-subject grievance was forwarded to the Review Committee on March 8, 1968. It is being returned to your Committee for further discussion and disposition consistent with the following:

Following submission of the grievance, two additional audits have been performed of grievant's work. Each reflects improvement over the previous audits which prompted the letter of July 3, 1967 and to encourage the employee to continue to make improvement, the letter should be rescinded by removing it from grievant's personnel record.

The disposition should be noted in the next minutes of the Joint Grievance Committee meeting.
