August 20, 1975

MR. A. E. HENDERSON, Chairman
Shasta Division
Joint Grievance Committee

The above-subject grievance has been discussed by the Review Committee and is being returned to the Division for settlement in accordance with the following:

After considerable discussion and review of the Troublemens Job Definition and the assignment of Troublemens installing underarm moulding while running services, the Review Committee is of the opinion that this type of an assignment is not improper in headquarters where this has been a practice prior to December 20, 1968. However, this finding in no way suggests that the Troublemens should not request assistance where he believes that at least two persons are required to perform the work safely.

This case is considered closed and should be so noted in the minutes of your next Joint Grievance Committee meeting.

L. V. BROWN, Chairman
Review Committee
