

REVIEW COMMITTEE DECISION

Review Committee File No. 1073
East Bay Division Grievance No. D.Gr/C 1-71-3

Subject of the Grievance

The grievance concerned the East Bay Division's discontinuing to supply #420 Channel Lock Pliers to Electric T & D Department employees in the East Bay Division. The correction asked for is that the Company continue the practice of supplying such pliers to all such employees.

Discussion

The subject of what tools employees must supply was a matter of discussion during General Negotiations in 1970. At the time the Company furnished Union a list of the tools that must be supplied by employees. Included were Channel Lock Pliers. Since a majority of the Divisions supplied the Channel Lock Pliers to Electric T & D Department personnel before 1970, the Committee believes that the Company should continue to supply the Channel Lock Pliers to Electric T & D Department employees.

Decision

In the future the Company will supply #420 Channel Lock Pliers to Electric T & D Department employees.
