ARTICLE II. OVERTIME

Pursuant to Section 3.11.070 of the City's Personnel Rules the following section shall govern overtime provisions of this Agreement:

- A. Overtime work may be required of any employees in order to meet special or unusual needs of service beneficial to the City and community. Overtime is defined as the number of hours worked in excess, and as an extension, of the normal schedule of work hours as illustrated below:

	EMPLOYEE WORK SCHEDULE	OVERTIME
1.	Eight hours per day, five days per week (5/8 Plan)	Over eight hours per day and forty hours per week
2.	Ten hours per day, four days per week (4/10 Plan)	Over ten hours per day and forty hours per week
3.	A flex-time schedule approved by the City Manager	Over the prescribed number of hours per day in writing.

For purposes of this section, holidays, sick leave, vacation, CTO and floating holidays are time worked for purposes of computing overtime. The following leave hours are not to be considered to be hours worked for purposes of computing overtime: Workers' Compensation, leave without pay requested by the employee, suspension or disciplinary action and a short work week worked by a new employee.

No employee shall be required to work overtime during any scheduled workweek in which the employee is on an unpaid status as a result of disciplinary action.

- B. Incidental overtime, defined here as less than fifteen minutes nonrecurring extension of the workday/shift, is not compensable in any form.
- C. Overtime shall be compensable in increments of thirty minutes.
- D. Overtime shall be compensable at the rate of one and one-half the employee's base hourly rate except as noted in Subsection F or G of this section.
- E. Shift Extension. If an employee is called to work early or is worked beyond their normal work shift, compensation for overtime shall be calculated in accordance with Subsection C of this section.
- F. Emergency Overtime. Regular employees in the Department shall be compensated at double the employee's normal hourly rate when working between the hours of 10:00 p.m. to 6:00 a.m. Overtime hours worked before or after the hours noted above will be paid in accordance with Subsection D.

- H. An employee responding to an overtime call for assistance from an outside agency (Mutual Aid Agreement) shall be compensated at the going overtime rate (i.e. 1.5 x, 2 x hourly rate, etc) for the agency being assisted up to the Mutual Aid Agreement's reimbursed amount. The compensation for overtime will not be less than the City's current MOU allows.

ARTICLE III. CALL BACK

- A. All callbacks shall be for a minimum of two (2) hours and will be compensated in accordance with ARTICLE II OVERTIME. Subsequent calls that occur during a two-hour callback and extend past the original two-hour call shall be compensated for actual time worked.
- B. When the two hours of a call back overlap a regularly scheduled shift the employee will be compensated at the overtime rate up to the start of his/her regularly scheduled work shift.
- C. If an employee's work shift has not ended and the employee must respond to a call requiring immediate action that extends beyond the end of the employee's shift, it is considered a continuation of the shift and is subject to pay based on the actual time. If the employee's shift has ended and the employee has to return to work to address a call requiring immediate action, the employee is entitled to a two (2) hour minimum period of overtime at the appropriate rate.
- D. Standby Employees, as defined on Chapter 2, Article VI, will receive one half (1/2) hour compensation at the appropriate rate of pay when needed assistance can be appropriately handled over the phone and the employee is not required to physically respond to work.
- E. Non-Standby employees will receive one (1) hour compensation at the appropriate rate of pay when needed assistance can be appropriately handled over the phone and the employee is not required to physically respond to work.

ARTICLE IV. SERVICE TERM BONUS

- A. The City agrees to provide the following service term bonus for employees hired prior to May 5, 2012:

<u>SERVICE TERM</u>	<u>ANNUAL BONUS AMOUNT</u>
Beginning of the 10th year and every year thereafter	2.5% of base salary
Beginning of the 15th year and every year thereafter	2.5% of base salary

- B. These changes are effective prospectively and beginning the first pay period after approval of this MOU by the City Council.
- C. Such service term bonus shall be included in each eligible employee's bi-weekly payroll.
- D. Employees hired after May 5, 2012 will not be eligible for the service term bonus.

ARTICLE V. PROMOTION

Any employee who is promoted to a position in a class with a higher salary range shall be placed in the step in the new higher range, which is at least a 10% increase over the employee's current salary step. In the event that the top step in the new range is less than 10% the employee will then be assigned to the top step on the new salary range.

ARTICLE VI. STANDBY

The City agrees to the following standby provision concerning represented employees. The number of available employees assigned to serve the standby needs of the department determines the application of provision 1 or 2 below.

- A. 1. Employees assigned standby duty for less than 10 weeks/10 rotations per year (January through December) shall be compensated per the following schedule:

Workday Standby	1 hour straight time rate per day
Non-workday Standby	1.5 hours straight time rate per day
Weekly Standby	8 hours straight time rate per week
- 2. Employees assigned standby duty for 10 weeks/10 rotations or more per year (January through December) shall be compensated per the following schedule:

Workday Standby	1 hour straight time rate per day
Non-workday Standby	3 hours straight time rate per day
Weekly Standby	11 hours straight time rate per week
- B. Voluntary standby shifts above and beyond assigned standby will not qualify employees for the higher rate of standby compensation.
- C. Employees will be provided a cell phone when assigned to standby.
- D. The department shall make standby assignments voluntary whenever practical.
- E. The City reserves the right to schedule standby as needed.
- F. Such payment shall be in addition to the overtime payments, which may be payable for call backs, pursuant to City Personnel Rules and Regulations. An employee on standby may be authorized to take a City vehicle home, provided the employee lives within the area bounded by heavy black lines on the attached map (Appendix "X").

ARTICLE VII. WORKING OUT OF CLASS (Refer to Personnel Rules Section 3.07.080)

The principle for paying employees for performing higher level job responsibilities due to operational necessity is based on such considerations as: the employee's ability and qualifications to perform at a higher level, whether the employee would be required to perform only routine or a significant range of the higher job responsibilities, whether the lower level position is in direct line and job scope of the higher class, and the length of time necessary for an employee to perform in a higher class.

The purpose of compensating employees for performing work in a higher class is to establish a system by which employees will continuously receive a pay rate comparable to those job factors that establish pay for each class of work in City service. Authorization for an assignment to work in a higher class must be given by the employee's supervisor and, except under emergency circumstances, requires advance approval of the department head, Human Resources Director and City Manager. The following conditions shall prevail as the definition and standards of compensation:

- A. Employees are required to work at least four (4) hours in the higher class to receive the higher class pay, except in classifications where employees are required to operate heavy equipment that is paid

at a higher level; in such cases employees will be eligible for higher class pay after one (1) hour of continuous work.

- B. In the event that an employee is required to work in the higher class due to a call back, the employee shall receive out of class pay on an hour for hour basis with no minimum amount of time required to serve in the higher class.
- C. Compensation in excess of an employee's regular base salary rate shall not be authorized for work in a higher class unless such employee is in all respects qualified to perform in the higher class and required to perform at least a substantial range of the more essential tasks of the higher class. Additionally, if an employee is temporarily assigned to perform work that is generally within the scope of their current class, but the work assignment is normally performed by a higher class due to the nature or scope of such work, then the temporarily assigned employee shall not receive additional compensation for performance of their normal and customary duties as prescribed by their regular classification.
- D. Employees assigned to work in a higher class, who are both qualified and required to perform at least a substantial range of the higher tasks, shall be compensated for the actual number of hours worked in the higher class as follows:
 - 1. Compensation shall be five percent (5%) more than the employee's current salary rate in the lower class unless the difference between classifications is less than five percent (5%). In the event that the top step in the higher range is less than 5%, the employee will be compensated at the top step in the higher class.

EXCEPTION: Employees assigned as a line crew supervisor, senior water distribution worker or senior wastewater utility maintenance worker classification shall be compensated ten percent (10%) more than the employee's current salary rate in the lower class.
 - 2. For employees assigned to management classifications the compensation shall be ten percent (10%) more than the employee's current salary rate in the lower class. In the event that the top step in the higher range is less than 10%, the employee will be compensated at the top step in the higher class.
- E. Work periods in higher class assignments shall not apply toward seniority or time-in-class considerations for promotional or layoff purposes as regards the higher class.

CHAPTER 3. LEAVES

ARTICLE I. VACATION LEAVE

The purpose of vacation leave is to provide eligible employees the opportunity to take paid time off from their job responsibilities in order to maintain a high standard of mental, emotional and physical conditioning.

- A. Eligibility: All permanent employees in the classified service who have completed an initial six (6) months of uninterrupted employment shall be entitled to annual vacation leave with pay. Upon completion of six (6) months of employment, each employee may be granted accrued vacation hours for such full time equivalent of one (1) year of service. Exceptions to this provision shall only be granted in unusual circumstances substantiated by the department head in a recommendation to the City Manager who may approve or disapprove such variances.
- B. Accrual: Each permanent classified employee shall accrue vacation leave with pay as follows:

Service Category	Biweekly Accrual	Days/Year Equivalent	Max.Hrs. Accrual
New employee to completion of 4th year	3.693 hr.	12 days	240
Start of 5th year to completion of 9th year	4.307 hr.	14 days	280
Start of 10th year to completion of 14th year	4.923 hr.	16 days	320
Start of 15th year to completion of 19th year	5.538 hr.	18 days	360
Start of 20th year and succeeding years	6.153 hr.	20 days	400

1. As noted in Subsection A, new employees shall earn vacation at the bi-weekly rate shown above from the hire date but shall not be credited with such accumulated hours until completion of six (6) months service. Eligible employees shall advance to the next higher rate of accrual upon completion of the maximum number of years at the lower accrual rate, and shall begin to accrue at the higher rate at the start of their qualifying year.
2. Maximum accrual of vacation hours may not exceed two and a half (2 1/2) the employee's annual accrual rate as specified above. One (1) month prior to the employee's anniversary date, the department head shall review the number of hours accrued by the employee.
3. If the amount exceeds specified limits, the employee shall take the excess number of vacation hours up to a maximum of twenty (20) hours prior to the anniversary date or, if operational necessity will not permit taking such time, the employee may be paid the straight time hourly equivalent. Additionally, when excess vacation accrues during an employee's disability leave, jury duty, or military leave as provided in these rules, the employee shall be allowed to liquidate such excess accrual within thirty (30) calendar days following return to

duty, by means of taking such time up to a maximum of twenty (20) hours or receiving the straight time hourly equivalent in compensation.

4. If any employee has accrued vacation beyond the maximum limit under circumstances other than the above, the employee will forfeit such time in excess of the limit.
- C. Use: Per Section 3.12.060(C), an employee may elect to take all or part of earned vacation, or may carry over to the next service year all or part of earned vacation as approved by the department head and consistent with the provisions of Subsection B. However, the dates and amount of vacation selected by the employee shall be subject to approval of the department head. Vacation leave shall generally be taken in minimum increments of one (1) full work day/work shift, except that unusual, emergency, necessary, and infrequent use of vacation leave may be granted in one (1) hour increments.
- Employees must request the vacation at least ten (10) workdays prior to the desired start of vacation leave. Under unusual or personal emergency circumstances, employees may request, and department heads may consider the approval of, vacation leave with fewer than ten (10) working days notice. In the event it becomes necessary to call an employee back to work from a scheduled vacation, the employee shall be credited with the unused vacation hours and shall have the opportunity to take such remaining vacation leave at a time of the employee's choosing and the department head's approval.
- D. Holidays Within Vacation Leave: Holidays that occur during a scheduled vacation period shall be counted as a holiday. Employees may request in advance that they extend their vacation leave by the number of holidays occurring within their scheduled leave, or they may request fewer vacation hours which, together with the holiday(s), will comprise the total time period of their scheduled leave.

ARTICLE II. HOLIDAYS

Pursuant to Section 3.12.140 of the City's Personnel Rules, the following shall constitute the City's practice regarding holidays:

- A. The following holidays shall be observed by the City with respect to all employees. City offices shall be closed on these days except as otherwise provided herein.
1. January 1 (New Year's Day).
 2. The third Monday in January (Martin Luther King's Birthday)
 3. The third Monday in February (Washington's Birthday).
 4. The last Monday in May (Memorial Day).
 5. July 4 (Independence Day).
 6. The first Monday in September (Labor Day).
 7. The second Monday in October (Columbus Day).
 8. November 11 (Veteran's Day).
 9. The day in November appointed by the President of the United States as Thanksgiving Day.
 10. The day immediately following Thanksgiving Day.
 11. December 25 (Christmas).
 12. Eight (8) hours (floating Holiday) to be taken any time during the calendar year by employees who have completed at least six (6) months prior service (pro-rated for modified schedule employee). The employee and the employee's supervisor shall jointly determine a convenient date. Upon separation from service, if an employee has taken more holidays in advance than have been earned during the fiscal year, the City shall deduct an equivalent

amount of pay for the holidays taken in advance from the employee's final paycheck, or such amount shall otherwise be owed to the City by the employee.

- B. The following non-reoccurring holidays shall be observed in any year in which they occur:

Every day appointed by the President of the United States or the Governor of the State of California for a public fast, thanksgiving, or holiday (except Admission Day).

- C. If January 1, July 4, November 11, or December 25 falls on a Saturday, the preceding Friday shall be a holiday; if any such day falls on a Sunday, then the following Monday shall be a holiday.

If a holiday occurs on the employee's first normal day off, the employee shall take the preceding day as the holiday; however, if the holiday occurs on the employee's second consecutive normal day off, the employee shall take the following day as the holiday. This policy shall be adhered to where practical and may be modified only by written consent to other conditions by the department head.

ARTICLE III. SICK LEAVE

Refer to Section 3.12.070, Personnel Rules.

ARTICLE IV. CATASTROPHIC LEAVE

Employees may voluntarily donate accrued vacation, compensatory time off (CTO), and/or floating holiday hours for credit to another permanent employee who suffers a non-industrial related catastrophic illness, injury or for the extended care of an Employee's immediate family member (as defined in Section 3.12.070.A.4 of the City of Roseville Personnel Rules and Regulations). Such donations shall be made in accordance with the following:

- A. The recipient employee must be off work for a minimum of thirty (30) consecutive days and must have exhausted all accrued leave (vacation, holiday, sick leave, compensatory time, etc.) prior to receiving donated leave. This waiting period only applies to the first occurrence of any such illness or injury. An employee is not required to be off an additional thirty days for a reoccurrence/exacerbation of an existing condition.
- B. A donor employee may voluntarily donate up to a maximum of forty (40) hours of vacation, compensatory time, and/or floating holiday time in any calendar year. All donations are irrevocable. Donations shall be made in four (4) hour increments. All unused hours shall remain with the recipient employee.
- C. A maximum of sixty (60) days can be donated to any one permanent employee in any one calendar year.
- D. A recipient employee shall be eligible for health benefits while on catastrophic leave with donated time for a maximum of sixty (60) days; however a recipient employee shall not accrue vacation or sick leave during this period.
- E. Employee must provide medical certification for care of an immediate family member. The certification must state that the family member is in need of extended care from the Employee, as well as an estimated amount of time required to attend to the immediate family member. Extended care of an immediate family member must be used continuously and not on an intermittent basis. Requests shall be evaluated the Department Head and the Human Resources Director to determine the amount of catastrophic leave to be requested in each instance.

Requests for catastrophic leave for immediate family care will first start with department members before being requested of other city employees.

- F. An employee donating accrued leave or an employee receiving donated leave shall waive all tax liability of the City through the establishment of the catastrophic sick leave program.

ARTICLE V. DISABILITY LEAVE

Pursuant to Section 3.12.100 of the City's Personnel Rules, the following shall constitute the City's practice regarding disability leave:

Employees may be granted paid disability leave based on the following circumstances, terms, and conditions. The purpose of providing these programs of paid disability leave is to insure that permanent employees have reasonable and equitable provisions concerning their job and economic security.

Work Related Temporary Disability:

- A. If a permanent employee is temporarily disabled by injury or illness arising out of and in the course of performing assigned job duties, the employee shall become entitled, regardless of length of service, to a leave of absence while so disabled without loss of salary, less workers' compensation disability payments, for up to seventy-five (75) calendar days, commencing upon the third (3rd) calendar day after the injured employee leaves work as a result of the injury. However, if the disability necessitates hospitalization or the disability continues more than three days, the aforesaid seventy-five (75) day leave of absence shall commence from the first day the injured employee leaves work or is hospitalized as a result of the injury. Employees injured on the job who are absent from work due to such disability for less than three days may utilize accrued sick leave during such absence.
- B. Following the initial seventy-five (75) day period of temporary disability, an eligible employee may elect to receive either workers' compensation disability payments, or full salary by supplementing their workers' compensation disability payment by use of accrued vacation, compensatory time off (CTO), or sick leave on a one-half (1/2) hour sick leave for one (1) hour pay basis. Upon utilization of all accrued leave credits, the employee injured in the performance of assigned duties and who is entitled to compensation under the Workers' Compensation Insurance Act shall be continued on the rolls of the City without pay until workers' compensation is discontinued, or the employee reaches a permanent and stationary status, provided that the disability was not the result of the employee's willful violation of safety rules or negligent behavior.

ARTICLE VI. MILITARY LEAVE

- A. Classified employees obligated to serve involuntary periods of active military duty shall be compensated for normal work hours and days or shifts during such absence from work, up to a maximum of thirty (30) calendar days in any calendar year.
- B. Employees exercising this provision of military leave will be required to submit properly documented evidence of their call to active duty within ten (10) calendar days prior to such military duty. Such documentation must be submitted through the department head to the Human Resources Director.

ARTICLE VII. JURY DUTY LEAVE

- A. Classified employees who have been summoned or subsequently selected to serve on a jury shall receive their regular rate of compensation by the City for normal work hours and days or shifts during such absence from work.
- B. Employees will be allowed to retain any mileage compensation granted to them by the respective court jurisdiction to which they were summoned or selected for jury duty.
- C. Employees summoned to jury duty must provide evidence of such summons and subsequent jury duty days away from work through their respective department heads to the Human Resources Director.

ARTICLE VIII. COMPENSATORY TIME

Compensatory time shall be governed as follows:

- A. An employee may use up to eighty (80) hours per calendar year of accrued compensatory time on conditions the same as those for the use of vacation. Approval by the employee's superintendent or first-line manager is sufficient for use.
- B. Superintendents and first-line managers will grant an employee, at the employee's request, accrual of overtime as compensatory time, until a balance of eighty (80) hours has accrued. Once a balance of eighty (80) hours has accrued, the employee will be granted additional accrual at the employee's request up to half of overtime worked in the pay period, until the accrual limit of two hundred and forty (240) hours is reached. Any overtime not accrued as compensatory time will be paid at the employee's overtime rate of pay.
- C. The eighty (80) hour figures above for use and accrual may be further relaxed by the Department Director, as appropriate.
- D. Employee requests to use CTO will either be (1) granted within a reasonable time period or (2) at employee option, be paid off if use of CTO hours cannot be accommodated by the department.
- E. The use of CTO must be a mutual agreement between the employee and the City.

ARTICLE IX. PERSONAL LEAVE TIME

Effective the first pay period of January 2014, each full-time employee who has completed his/her initial probationary period with the City shall be provided a bank of eighty (80) hours of Personal Leave Time (PLT). Thereafter, employees shall be provided a bank of 80 hours of PLT on the first pay period of each calendar year. Part-time employees shall receive a pro-rated bank.

Use of PLT time shall be subject to the following:

- A. PLT may be used by employees for time off on an hour for hour basis until the employee has exhausted the bank.
 - 1. Use of PLT shall be subject to the operating needs of the City. The City may deny an employee time off on PLT if such release time will adversely impact the operating or staffing needs of a City department.

- B. PLT shall have cash value and may be cashed out by the employee on an hour-for-hour basis at the employee's regular straight-time hourly rate of pay. Employees may cash out unused PLT in any regular pay period pursuant to procedures established by the City Human Resources Department. Pursuant to Chapter 5, Article II, item A of this memorandum of understanding, employees may defer some or all cashed out PLT into the City's deferred compensation plan.
- C. Any PLT time remaining in an employee's PLT bank on the last pay period of the calendar year shall not roll over into the next calendar year. Such PLT time shall be cashed out by the City on an hour-for-hour basis at the employee's regular straight-time hourly rate of pay.
- D. Employees who terminate employment with the City or leave the bargaining unit shall be cashed out at the rate of 1.5385 hours per week up to the balance of the employees PLT bank. - C. The number of persons to be certified by the Human Resources Director to the hiring department shall be the top five (5) ranking scores for the initial vacancy and an additional two (2) scores for each additional vacancy to be filled upon the same certification. If there are three (3) or fewer eligible and available persons on a promotional or open list for certification to the hiring department, the Human Resources Director may use his discretion in calling for a new examination in order to secure a sufficient number of persons eligible for certification.
- D. Vacancies in the classified service filled by promotion may be certified by competitive (closed) promotional examination, or by promotional certification by the department head and Human Resources Director in those cases where only one employee is qualified for the higher-level position. For advancement to occur by promotional certification, the department head must notify the Human Resources Director that an employee meets all prescribed standards of the higher level class, has demonstrated in all respects the ability to satisfactorily perform responsibilities of the higher level class, and is in other ways eligible for certification to the higher level class. Upon a finding by the Human Resources Director that an employee is in all respects eligible for promotional certification, the Human Resources Director may so certify the employee for employment consideration by the department head upon the occurrence of the next vacancy at the higher-level position.
- E. The department head shall arrange for a convenient time and place to conduct departmental evaluations of eligible persons, and shall notify the same. Following interview and other appropriate candidate review, the department head may recommend an appointment to the City Manager. The candidate(s) selected for appointment consideration shall be certified by the department head to the Human Resources Director, who shall arrange for a medical examination, fingerprinting, and any

other pre-employment testing deemed to be necessary and appropriate. Upon receiving satisfactory results of such tests, the Human Resources Director shall sign the appointment authorization and refer such authorization together with any supporting documents to the City Manager at least five (5) working days prior to the effective date.

- F. The City Manager may approve or disapprove the recommended appointment. If approved, the department head shall notify the appointee and, if the person accepts appointment and reports for duty within such period of time as prescribed by the department head, the applicant shall be deemed to be probationally appointed; otherwise, the applicant is deemed to have declined appointment.
- G. Unless authorized as an exception by the City Manager, no appointment of a new employee shall be made until the Human Resources Director has received the results of a medical and background evaluation.

ARTICLE VII. GRIEVANCES - GENERAL AND PROCEDURES

Any represented employee who wishes to call his or her Union business representative regarding employment related matters, may do so on City paid time at his or her own expense, provided such telephone calls do not represent or create any unreasonable disruption of work such as non-routine travel time and distance to use a pay telephone.

- A. Grievances in General. An employee, individually or in representation of a group of employees, may complain to the City management through the grievance procedure in this Article regarding any matter relating to that employee's wages, hours, or conditions of employment. A grievance may be either formal or informal. An informal grievance is a prerequisite to filing a formal grievance.
- B. Informal Grievances. An employee, individually or in representation of a group of employees, with a grievance shall first discuss the matter with his or her immediate supervisor within ten (10) calendar days of the matter complained of. The supervisor and the employee shall attempt to informally resolve the dispute. If this is not accomplished, the employee shall next discuss the matter with the next level of supervision within ten (10) calendar days of the matter complained of. The supervisor and the employee shall attempt to informally resolve the dispute. If this is not accomplished, the employee shall next discuss the matter with the next level of supervision within ten (10) calendar days of the unsuccessful discussion and so on, until the employee reaches the department head. 2. Except in those cases where the grievance is subject to Administrative Appeal to the Personnel Board pursuant to Roseville Municipal Code, Chapter 3.23, the decision of the City Manager regarding a formal grievance is final.

ARTICLE VIII. MINIMUM SCORES AND COMPUTATIONS

- A. Except for qualifying/non-qualifying test, examinations shall be scored on a percentage basis. The specific minimum score percentages shall be determined by the Human Resources Director prior to or following the examination, depending on the need to analyze test results for purposes of validity. Each phase of the examination process shall be assigned a weight based on the job relatedness of the examination content to the prescribed duties of the position.
- B. An applicant's score in any examination shall be based upon the weighted average of scores achieved for each part of the competitive examination(s) as provided for in the examination announcement. Failure in any part of the examination process shall result in the disqualification of the applicant from the remaining parts of the examination process.
- C. Oral interview examination scores shall be computed on the basis of averaging the final scores of each rating member of the interview panel. However, the Human Resources Director may disqualify the scores of any rater who has demonstrated prejudicial tendencies or other just cause at any time in the interview process.

Where the majority of rating members of an interview panel assign a passing or failing score to a candidate, the candidate shall pass or fail the overall interview examination, regardless of whether the averaged score would have resulted in the candidate failing or passing the examination.

- D. An error in grading or rating shall be corrected upon the appropriate employment list if called to the attention of the Human Resources Director within thirty (30) days after the mailing of examination results. However, computation of test scores shall not invalidate or affect certification or appointment previously made.

Permanent employees who are successful in all phases of the examination process leading to eligibility certification on promotional examinations shall be given service points computed from the final filing date set forth in the examination announcement, conditional upon the employee having received at least a satisfactory performance evaluation rating within the previous twelve (12) months and a satisfactory attendance record for the same period. Such service points shall be based on the length of service in the classification(s) immediately below and directly in line with the promotional class as prescribed by the Human Resources Director. Service points shall be added to the final computed examination score upon the promotional employment list on the basis of the following formula:

Employees shall receive service points based on the length of service they have had as a permanent employee in classifications which are in the same career field with the promotional class as prescribed by the Human Resources Department. Service points shall be added to the final computed examination score upon the promotional employment list on the basis of 1/2 point for each full year of permanent service to a maximum of five (5) points.

ARTICLE XI. ADMINISTRATION OF APPRENTICESHIP PROGRAMS IN ELECTRIC UTILITY DIVISION

The City of Roseville, desirous of establishing apprenticeship programs in the Electric Division, does hereby adopt the following rules for the administration of said programs in cooperation with the recognized majority representative of employees in this department, the International Brotherhood of Electrical Workers, AFL-CIO, Local #1245.

A. Committee.

An Apprenticeship Committee will be established and shall be composed of two (2) voting members appointed by the International Brotherhood of Electrical Workers, Local #1245 (Union), and two (2) members appointed by the City. Additional parties (Union and City) may attend monthly Apprentice Committee meetings upon mutual agreement of both parties (Union and City). This committee will prepare, review and revise training standards as necessary. Decisions of this committee are subject to the approval of the Union Business Manager (or designee) and the City Manager.

B. Training Standards.

A training standard of progress will be developed for each apprenticeship program. This standard will indicate the training time for each phase of training or work process. The training time indicated

will not be restrictive, but rather will be indicative of the emphasis or amount of time that should be spent on each phase. Although the total time spent on any one phase during any one progression period may vary with the individual, work load and amount of related instructions, minimum assignments shall be met during the term of the apprenticeship.

C. Nondiscrimination Provision.

Selection of apprentices under the program shall be made from qualified applicants pursuant to the Personnel Rules of the City of Roseville and without regard to race, creed, color, national origin, sex or occupationally irrelevant physical requirements; and these programs shall be operated on a completely nondiscriminatory basis.

D. Entrance Requirements.

To be eligible to enter an apprenticeship program, a candidate must pass an appropriate entrance examination and meet whatever other minimum requirements may be established for that classification. Employees will be given an opportunity to indicate their desires and intentions with regard to entering apprenticeship training programs. Vacancies in apprenticeship training programs will be announced in accordance with normal procedure.

E. Progression Tests.

To progress through the apprentice program will require passing a progression test for each step of the program. These tests and the manner in which they will be scored will be prepared and agreed to by the Joint Apprenticeship and Training Committee.

A grade of 70 or above will be considered a passing grade. After the first six (6) months, any apprentice failing to pass the required test will be given additional training time equal to one-half (1/2) the period to the apprentice's next review date. Failure may be cause for the denial of merit increases pursuant to Roseville City Personnel Rules Section 3.11.030(C). At the completion of the additional training period, the apprentice will be given another opportunity to pass the required tests. Upon again failing, the apprentice's performance may be reviewed by management for purposes of reassignment, demotion, termination or other action authorized by the Personnel Rules of the City of Roseville.

F. Review and Evaluation.

The supervisor shall review and evaluate each apprentice just prior to the apprentice's six-month anniversary date and prior to the apprentice's progression test for that period. The Joint Apprenticeship and Training Committee will interview any apprentice who receives an adverse rating or evaluation to determine the cause and basis of such a rating.

- G. Instruction. Related classroom instruction as agreed to by the Joint Apprenticeship and Training Committee will be given the apprentices during regular working hours. The instructors will be selected from personnel qualified to instruct.

Each apprentice shall pursue related and supplemental theoretical studies of not less than one hundred forty-four (144) hours per year. This outside training shall be approved by the Joint Apprenticeship and Training Committee and shall be pursued on the apprentice's own time and without pay from the City.

ARTICLE XII. TRAINING COMMITTEE

The City agrees to establish an Advisory Training Committee comprised of two (2) Management and two (2) Union representatives per department. The purpose of the committee is to make recommendations to the Director concerning departmental training programs.

ARTICLE XIII. EDUCATIONAL REIMBURSEMENT

Employees may be reimbursed for the tuition and fees connected with job-related educational courses up to \$150.00 per course, not to exceed \$300.00 per year. The cost of books is not covered in this agreement. The employee will submit the request for reimbursement to the supervisor, who will accept or reject the request. The request must be made before the class has been completed. The request will then be forwarded to the Human Resources Department, who will make the final decision to accept or reject the request. No payment will be made until the final proof of passing grade is submitted to the Human Resources Department. The City will maintain a maximum fund of \$6,000 to be administered by the Human Resources Department for educational reimbursement. Once the fund balance is depleted, no further reimbursements will be approved.

ARTICLE XIV. ALCOHOL AND DRUG POLICY

The City and I.B.E.W., Local 1245 agree to continue enforcement of the Alcohol and Drug Policy as referenced in Appendix "Y".

In addition to the above-mentioned policy, all employees will be required to notify the City in writing of any criminal drug statute conviction for a violation occurring in the workplace no later than five calendar days after such conviction.

ARTICLE XV. TERMS OF UNDERSTANDING

This Memorandum of Understanding incorporates all modifications regarding wages, hours, and other terms and conditions of employment. This Memorandum of Understanding shall be effective October 19, 2013 and shall expire December 31, 2015. All existing benefits shall continue in full force until a subsequent agreement is reached. Should either party desire to commence the Meet and Confer process for the next subsequent Memorandum of Understanding, they shall notify the other in writing no earlier than one hundred twenty (120) days prior to the expiration date of this Agreement.

ARTICLE XVI. UNFAIR LABOR PRACTICE CHARGE

Should the Public Employment Relations Board (PERB) rule against the City of Roseville in UPC No. SA-CE-757-M, the parties agree to jointly inform PERB that the parties are in agreement to limit any resulting

City liability (exposure) to the period of August 6, 2011 through the date of the approval of a successor (new) MOU.

The terms and conditions of this Memorandum of Understanding are executed this 2th day of October 2013, by the Employer-Employee representatives whose signatures appear below on behalf of their respective organizations.
