A Message of Importance to All Members and Their Families

The whole wide world will be watching us on Every Day to see if we prove what we preach. If we do not turn out to vit in the same as telling our friends abroad that we're not really as sold on our kind of government as we say we are. A potential enemy would be justified in concluding that we're not willing to fight. A discriminating voter is a genuine deterrent to aggression, as well as a great privilege and responsibility in our affairs here at home. If you vote, you're doing what you can for peace in the world—a vote of confidence telling the world that democracy can and really does work in these United States of America—see you at the polls Nov. 6.

Hats Off to Tex and Ernie!

Our hats go off to J. E. “Tex” Smith, Helper, and E. C. "Ernie" Bores, Fitter in the Sacramento Gas Department. They voted, and immediately set out to sign up the remaining non-members in the Sacramento Gas Dept. To date they have signed up some 70 members, making a 90% sign-up and are determined to get the few non-members.

“John Henry” an membership appreciation card.

Keep up the good work Tex and Ernie, We wish we had a 1,000 just like you two!
Many Units in S. Joaquin Division in “100% Club”

According to Scott Waldworth, Business Representative in the Six Joaquin Division, the following areas and work groups have qualified for the “100% Club”:

- Merced Physical
- Merced Physical
- Fresno Gas Plant
- Fresno Gas Plant
- Lemoore Physical
- Lemoore Physical
- Bakersfield Substation Maintenance
- Bakersfield Substation Maintenance

Scott, in checking many other areas or groups, has only from 1 to 10 percent to have the entire San Joaquin Division and area groups of the San Joaquin Division. A task of a long line, but with the progress of the Saoh of and members on the job. Believe it or not? If San Joaquin Division can do it — you other groups and area can do it too.

Actual unemployemnt figures for for August, 1969:

- 2,181,250.

During the past five months he has been giving himself a new image — a New Joaquin—travelling and giving speeches on the high road. But the Malo elections appear to have gone off with a bang and the O.N. has its work cut out for it. He is now playing fast and loose with the public.

Believes in Working People!

Unions in good standing under the League are reported to have the possibility of merger with the United Steel Workers of America. President Freeman reported progress in that direction through and the following is according to President Freeman:

- The United Steel Workers of America is represented by President Freeman and the National Association of Manufacturers, Council Member Scholtz, Assistant District Director J. C. Goff, and lawyer, Ted Knight.

D.L.W. unions are represented by their top leaders. President Freeman gives credit, national Convention and further progress, as the League is in the offing.

An emergency order on a number of committees now working on the membership of jurisdictional disputes. He gives equal concern with all concern with all and that there is no such interest of working people.

As for Kuchel’s minority voting record, they are just a few of a hundred votes. This minority voting record as of the House of Representative on the State Senate. The record shows that he has voted 100 per cent to do his major tasks further the interests of working people.

**Chemicals in Food May Cause Cancer**

A food of new chemicals has been harvested from America in recent years—and many of them are dangerous to health.

The report, "Chemicals in Food," home-grown by the American Medical Association, is the latest in a round of new efforts by Congress next year to stop the spread of new chemical substances.

**Right to Scab Costs $422 a Yr.**

Out of the 17 states which have adopted the "right-to-scab" law only one has a positive effect on the employers. The employers in these states have a no-southern national health law, to which it desperately needs.

The Republican platform, recognizably, has a national insurance program. It has no adequate national health law, to which it desperately needs.

Happened, Buses, he on man-working nights 12 hours a ing

Our Union, both nationally and locally, depends primarily on lead-

here's Another Old Timer

The greatest thing that ever happened was when my

California Picket Elected a President

For a tense 48 hours, after the polls closed on the presidential election, the news that a strike vote was close was out of the question. The strike of the San Francisco News was declared a success, and the strike of the San Francisco Call was called off.

California Picketers Elected a President

The strike of the San Francisco News was declared a success, and the strike of the San Francisco Call was called off.
