Mr. Bob Dean, Business Manager
Local Union No. 1245
International Brotherhood of
Electrical Workers, AFL-CIO
P. O. Box 2547
Vacaville, CA 95696

Dear Mr. Dean:

The Company continues to realize a significant increase in Distribution Control Center workloads for "work management" tasks (writing/checking switching) as a result of increased efforts toward system hardening, Public Safety Power shut off, maintenance, and other application for work requests. In response to this increased workload, the parties agreed in LA 21-29 to allow the utilization of third party contractor employees to perform "work management" duties under the terms of that LA. One of the provisions contained in LA 21-29 states "Such contracting will not exceed twelve (12) months unless the Union agrees in writing to an extension beyond twelve (12) months."

There are multiple contractors who have been supporting the Distribution Control Centers that have exceeded, or will be exceeding, the twelve (12) month time limitation. The parties agree the Company will continue to utilize contractors under the same terms and conditions as set forth in LA-21-29 for an additional twelve (12) month period.

Upon 45 days written notice, either party may cancel this agreement.

If you are in accord with the foregoing and agree thereto, please so indicate in the space provided and return one executed copy of this letter to the Company.

Very truly yours,

PACIFIC GAS & ELECTRIC COMPANY
