Dear Mr. Dalzell:

Letter Agreement 06-45 extended the number of attempts at license class available to employees participating in the current RO license class at the Diablo Canyon Power Plant. That agreement was the result of a joint recommendation of the Operations Department Labor Management Committee.

This Committee now recommends that the additional opportunities provided in Letter Agreement 06-45 be extended to individuals who are scheduled to attend the next RO license class to begin on November 27, 2006. This additional opportunity will be for the participants of the November 27, 2006 class only and will not apply to employees who have already exhausted their two opportunities to attend class.

The Company supports the Committee's recommendation and has provided this proposal for your consideration.

If you are in accord with the foregoing and agree thereto, please so indicate in the space provided and return one executed copy of this letter to the Company.

Very truly yours,

PACIFIC GAS & ELECTRIC COMPANY
