Dear Mr. Dalzell:

Company proposes to clarify and update the Work and Resource Coordinator line of progression and bidding rights in accordance with Section 205.19 of the Agreement. The job definition and rate of pay remains unchanged. Below is the proposal that was reviewed with your staff.

1002 Work and Resource Coordinator

This employee will ensure that work packages and any other preparation is done in advance so work in the field can be performed when scheduled, may be assigned to check documentation after work is completed, and updates the scheduler and supervisor about progress and delays. This employee must communicate regularly with others involved with Work and Resource planning, engineering, project management, first line supervision, customers and contractors. May be required to work with one commodity or with dual commodities (gas and electric).

Coordinates customer shut downs for jobs to be done, working with Outage Coordinator and Distribution Operations in the planning process.

Employees, when qualified, will prepare clearance requests to be sent to Distribution Operations.

May be assigned to assist Supervisor in raptor outage investigations and document results with the Raptor Protection Program.

Responsible for attendance at regularly scheduled meetings to provide status or update on outage information or other compliance information and inform the scheduler if additional work needs to be integrated in schedule and assist in completing Help Tickets.
