Dear Mr. Dalzell:

The Company is proposing to relocate Mr. James D. Tadena, Lead Building Mechanic, from his current Emeryville headquarters to the Concord Service Center per Section 206.12 of the Physical Agreement. His relocation is necessitated due to the increased workload due to the addition of the Concord RMC.

Note that Mr. Tadena has been temporarily assigned to the Concord Service Center for the last six months, due to the increased workload. The work at the Emeryville headquarters has and will continue to be performed by the Lead Building Mechanic who is headquartered at the Richmond Service Center.

Notwithstanding the above, the re-assignment of James Tadena to Concord would allow him to work closer to his home residence of Discovery Bay. This proposal has been discussed with Business Representative Lula Washington.

If you are in accord with the foregoing and agree thereto, please so indicate in the space provided and return one executed copy of this letter to the company.

Very truly yours,

PACIFIC GAS & ELECTRIC COMPANY
