Dear Mr. Mason:

Expansion of facilities at the Bellota Substation in Stockton Division will increase the duties and responsibilities of the First Operators employed at that location. This is to advise that the First Operator wage rate at such station will be revised effective January 1, 1950.

> The present wage rate is: Schedule III - \$69.20 per week.

The revised wage rate will be:

Schedule II - \$72.80 per week.

Yours very truly,

す。TILSON

Supervisor, Industrial Relations.

Mr. Charles W. Mason Business Manager

Dear Sir:

We, the operators at Bellota Sub Station, wish to extend our appreciation to you for going to "bat" for us on the reclassification of Bellota Sub. The 2 classification is very satisfactory to all concerned.

We just heard the result of the election. It sounded very good.

Thanking you again, we are

.
