Attention: Mr. Ronald T. Weakley, Business Manager

Gentlemen:

With the conversion of Monterey Substation to automatic operation there will no longer be a need for around-the-clock operators at this station. Company, therefore, proposes to abolish the classification of Utilityman at Monterey Substation.

However, it will be necessary to have employees at the Substation for two shifts, six days per week, for service dispatching. To accomplish this objective Company proposes to establish the classifications of Utility Service Operator First and Utility Service Operator Senior.

The proposed job definitions and wage rates for these classifications are as follows:

Utility Service Operator - First - Electric Department - Monterey

An employee who performs the duties of a Service Operator First in the Electric Department and in addition takes readings in and operates the substation, regulates gas pressure in the district and cleans the office.

This employee will accrue classification seniority as a Service Operator First.

Wage rate:	Start	\$75.85	per week
	End 6 months	78.55	" "
	End 1 year	81.30	" "
	End 18 months	84.20	" "
	End 2 years	88.60	" "

Utility Service Operator Senior - Electric Department
Monterey

An employee who performs the duties of a Service Operator Senior in the Electric Department and in addition takes readings in and operates the substation and regulates gas pressure for the district.

This employee will accure classification seniority as a Service Operator Senior.

Wage rate:	Start	\$88.60 per week
	End 6 months	92.40 " "
	End 1 year	95.45 " "

If you are in accord with the foregoing and agree thereto, please so indicate in the space provided below and return one copy of this letter to Company.

Yours very truly,

PACIFIC GAS AND ELECTRIC COMPANY

By J. H. [Signature]
Manager, Personnel Department.

The Union is in accord with the foregoing and it agrees thereto as of the date hereof.
