PACIFIC GAS AND ELECTRIC COMPANY LABOR RELATIONS 375 N. BOX 2547 VACAVILLE, CALIFORNIA 95696 707.452.2700 TOM DALZELL BUSINESS MANAGER

June 16, 2014

Mr. Tom Dalzell, Business Manager Local Union No. 1245 International Brotherhood of Electrical Workers, AFL-CIO P.O. Box 2547 Vacaville, CA 95696

Dear Mr. Dalzell:

The parties met on April 8, 2014 to review the results of the Customer Service Representative (CSR) new employee training process jointly developed by the parties in 2013. This new computer-based training program covers newly hired CSRs and is intended to ensure that CSR Trainees are job-ready upon completion of the training. The pilot training program memorialized in Letter Agreement 13-85 covered training classes in San Jose (10/28/13-12/18/13), Sacramento 2740 (12/11/13-2/5/14), San Jose (1/6/14-2/21/14), Fresno (2/10/14-3/28/14), Sacramento 2740 (3/3/14-4/18/14), Sacramento (4/21/14-6/6/14), Fresno (5/12/14-6/27/14) and San Jose (5/19/14 - 7/16/14).

During the April 8, 2014 meeting the parties discussed and agreed on the parameters of the finalized training program. The following will apply (and supersede LA 13-85, LA 05-70, LA 05-40, LA 04-48, LA 03-39, LA 03-03) to the extent those agreements conflict:

- Committee the joint oversight committee consisting of up to three members selected by the union and up to three members selected by the company will meet quarterly in 2014 to discuss adjustments based on feedback and training results. The joint oversight committee will determine the frequency and format of future meetings.
- 2. Updates minor updates (i.e. policy or tariff updates) may be made to the training content prior to a quarterly meeting; however these updates will be cataloged and reviewed at the joint committee meeting. Updates, other than the minor updates noted above will be coordinated through a lead committee person on each side and also reviewed at the next full committee meeting.
- 3. Assessment the training program will include tests, quizzes, and other knowledge retention checks throughout the course of training. A final assessment will remain part of the training program but will be used as a guide to prioritize additional training and areas of focus during the "nesting" period and <u>not</u> as a pass/fail assessment. The training schedule will no longer include the one day of final assessment study.

- 4. Nesting upon completion of the classroom training and final assessment, CSR Trainees will spend up to 10 days "nesting" with a Senior Service Representative (SSR) while on the floor handling calls. While nesting marks the completion of the training program, the nesting period will not extend the trainee's probationary period.
- 5. The syllabus is attached hereto and incorporated by reference.

Upon 30 days written notice, either party may cancel this agreement.

If you agree, please so indicate in the space provided below and return one executed copy of this letter to the Company.

Very truly yours.
