Dear Mr. Dalzell:

In an effort to address an urgent need to fill vacancies within the Field Garage Mechanic A (50010280) classification in the Transportation Services Department, the Company proposes to utilize the Provisional Journeyman Placement process to direct place fifteen (15) GC Field Garage Mechanic employees into this position. The incumbents are identified in Attachment 1 of this agreement. The Company will use the jointly agreed to training modules of the Transportation Services Mechanic Training Program for the provisional training plans.

The incumbents will be subject to provisional placement into the GC Field Garage Mechanic A (50010280) classification upon approval by the Joint Apprenticeship Training Committee (JATC). The employees will be required to successfully complete a 12-month provisional training plan, as required by the Joint Apprenticeship Training Committee (JATC), before becoming a qualified journeyman mechanic. With JATC approval, an employee's 12-month training plan may be extended for up to six (6) additional months if circumstances warrant.

The 12-month provisional training period for incumbents included in Attachment 1 will be as follows:

- 03/04/2020 – 03/04/2021 Hire Date prior to 02/01/2020
- 10/05/2020 – 10/05/2021 Hire Date after 02/01/2020

If an employee fails to successfully complete the required training plan, the JATC will be petitioned to remove the employee and return him/her to the GC Field Garage Mechanic B or C position; based on their individual training progress status.

Mr. Tom Dalzell
