P.O. Box 2547

Dear Mr. Dalzell:

The Federal Government, the State of California, and several counties within the State have declared a State of Emergency in response to the COVID-19 virus. In addition to the implementation of State and local orders to remain at home or to shelter in place, the Company has taken several steps to help support the social distancing protocols to reduce risk, including having employees self-quarantine in accordance with Centers for Disease Control and Prevention (CDC) Guidelines, practice social distancing, where feasible, to work remotely, and time-off protocols to accommodate COVID-19 impacted employees.

The Company is committed to the health and safety of our employees and providing safe and reliable electric and gas service to our customers.

In recognition of the dedication and response of our employees and in conjunction with Company-Union discussions on this issue, the Company and Union have agreed to take additional steps to ensure that emergency and critical work continues while balancing social distancing considerations during this crisis through the creation of temporary Holiday stand-by provisions for work crews within Division Electric Distribution Field Operations. The temporary Holiday stand-by provisions will:

- Provide enhanced prearranged overtime coverage that would ensure crews are available to perform work on the electric distribution system if emergencies arise:
 - After regularly scheduled work hours on Thursday, December 24, 2020 and Thursday, December 31, 2020
 - On Christmas Day, Friday, December 25, 2020 and New Year's Day, Friday, January 1, 2021
- Support social distancing by not requiring employees to report to their headquarters for prearranged overtime until told to do so by a Supervisor (which may occur via utilization of ARCOS) on the specific days identified above.
