Attention: Mr. Ronald T. Weakley, Business Manager

Gentlemen:

In response to your letter of June 23 and subsequent discussions on the subject, Company proposes to establish the classification of Crane Operator in the Electric Maintenance Department, with the following job definition and wage rate:

Crane Operator (To be used on a temporary basis only.)

An employee who operates a mobile crane of 25 tons' capacity or more, used in the operating, maintaining and constructing of hydro plants, substations or other facilities.

Wage Rate - \$146.60 per week

The above single rate, which is the 30-month step of the apprentice classification, is proposed since it is doubtful that any employee will spend more than a cumulative total of six months operating the crane involved.

If you are in accord with the foregoing proposal and agree thereto, please so indicate in the space provided below and return one executed copy of this letter to Company.

Yours very truly,

PACIFIC GAS AND ELECTRIC COMPANY

By [Signature]  
Manager of Industrial Relations

The Union is in accord with the foregoing and it agrees thereto as of the date hereof.
