Attention: Mr. L. L. Mitchell, Business Manager

Gentlemen:

This letter will supplement our letter agreement dated September 30, 1971 with respect to the staffing of Diablo Canyon Power Plant.

Due to the delay in staffing and the commitments made to the Control Technician designates at the Plant, Company proposes, under the provisions of Section 205.19 of the Physical Agreement, to transfer Mr. A. G. Moore, Control Technician, and Mr. M. W. Stephens, Control Technician, to the Diablo Canyon task force effective October 18, 1971, and to transfer Mr. D. L. Woods to Morro Bay Power Plant effective the same date. Mr. Stephens, who is now a Control Technician at Hunters Point Power Plant, and Mr. Moore, who is now a Control Technician assigned as an Instrument Repairman at Morro Bay Power Plant under the terms of our letter agreement dated September 30, 1971, will be on the Coast Valleys Division payroll, but under the supervision of General Construction and will be assigned tasks related to construction of the Plant.

Mr. Woods, who is now a Control Technician at Humboldt Bay Power Plant, will replace Mr. Moore and perform the duties of an Instrument Repairman at Morro Bay.

The 120 day expense period provided in the letter agreement dated June 8, 1970 will begin Monday, October 18, 1971 for all three men.

If you are in accord with the foregoing and agree thereto, please so indicate in the space provided below and return one executed copy of this letter to Company.
