Attention: Mr. J. K. McNally, Business Manager

Gentlemen:

Experience has demonstrated that it is no longer necessary to have a resident Water Facilities Maintenceman at Hunters Dam, All necessary functions can be and have been performed safely and satisfactorily with personnel out of the Angels Camp headquarters.

In order to promote overall efficiency and increased productivity, with due regard to the welfare of the worker involved, Company proposes, pursuant to Section 205.19 of the Physical Agreement, to change the existing headquarters (Hunters Dam) and existing classification (Water Facilities Maintenceman) of resident employee, J. A. Willis, to Ditch Tender headquartered at the Hydro Department in Angels Camp. The proposed realignment will not change the manpower requirements. The wage scales of both classifications are the same, and the bidding rights of the employee involved will not be infringed.

If you are in accord with the foregoing and agree thereto, please so indicate in the space provided below and return one executed copy of this letter to Company.

Yours very truly,

PACIFIC GAS AND ELECTRIC COMPANY
