Attention: Mr. Jack McNally, Business Manager

Gentlemen:

Pursuant to Section 304.4 of the Physical Agreement, Company proposes to amend Section 600.11 VI-K, General Construction Gas Lines of Progression by adding the Powderman (1980) classification immediately below the Pipe Wrapper, Hand, Small (1975) and Truck Driver (0415) classifications (see attached).

At present, when blasting must be accomplished on a Gas Construction job, the Department assigns the work to employees in the Miscellaneous Equipment Operator B classification who hold the required blasting license. The proposed amendment will eliminate the inappropriate assignment of blasting to the M.E.O.B. classification.

If you are in accord with the foregoing and the attachment and agree thereto, please so indicate in the space provided below and return one executed copy of this letter to the Company.

Yours very truly,

PACIFIC GAS AND ELECTRIC COMPANY

By *W. Bonbright*  
Manager of Industrial Relations

The Union is in accord with the foregoing and the attachment, and it agrees thereto as of the date hereof.
