Attention: Mr. Jack McNally, Business Manager

Gentlemen:

Temporary additional outage workers hired under Letter Agreements 92-56 and 91-20, and other bargaining unit employees who are assigned to the Diablo Canyon Power Plant during refueling outages are often often are required to participate in extensive pre-outage training. Occassionally this training may extend up to 12 hours a day. In such cases, a 1/2 hour dinner meal period will be allowed approximately one hour after the end of their 8 hour shift.

Because of the need for consistent class schedules, Company proposes to modify the provisions of Section 104.10 by providing such employees with the option of either having a meal provided by the Company or receiving the \$15.00 in lieu meal. In either situation, an employee would receive pay for the 1/2 hour meal period at the time that the meal break is taken (i.e. approximately one hour after the end of the 8 hour shift).

This proposal has been reviewed with the local Business Representative.

If you are in accord with the foregoing and agree thereto, please so indicate in the space provided below and return one executed copy of this letter to the Company.

Very truly yours,

PACIFIC GAS & ELECTRIC COMPANY

By 
Director and Chief Negotiator
